

PAL MAKADIYA

Full Stack Web Developer

☎ +91 7016762144 | ✉ palmakadiya2005@gmail.com | 💼 LinkedIn | 🌐 GitHub | 📁 Portfolio

Summary

Full Stack Developer with hands-on experience building scalable web applications using React.js, Node.js, Express.js, PostgreSQL, Prisma ORM, and JavaScript. Experienced in designing RESTful APIs, implementing JWT Authentication, Role-Based Access Control (RBAC), database optimization, and responsive user interfaces. Skilled in developing production-ready applications following MVC architecture, secure authentication, CRUD operations, and clean coding practices. Passionate about backend development, performance optimization, and building scalable software solutions.

Education

UVPCE, Ganpat University

Bachelor of Technology in Computer Engineering — CGPA: 8.3

2022 – 2026

Mehsana, Gujarat

Experience

Initio TechMedia Pvt. Ltd

Full Stack Developer

Dec 2025 – June 2026

- Engineered scalable full-stack web applications using React.js, Node.js, Express.js, Prisma ORM, and PostgreSQL.
- Designed RESTful APIs following MVC architecture with JWT Authentication and Role-Based Access Control (RBAC).
- Optimized PostgreSQL database performance using Stored Procedures, query optimization, and transaction management.
- Integrated frontend and backend services with secure authentication, responsive UI, and efficient CRUD operations.
- Collaborated with cross-functional teams using Git and GitHub to deliver scalable and maintainable software solutions.

Projects

Car Management System | *React.js, Flutter, Node.js, Express.js, Prisma ORM, PostgreSQL*

- Developed a full-stack automotive management platform for vehicle listings, insurance services, order management, inspections, and delivery tracking.
- Built responsive web and mobile interfaces using React.js and Flutter with JWT Authentication and Role-Based Access Control (RBAC).
- Designed scalable RESTful APIs using Node.js and Express.js with MVC architecture, secure CRUD operations, and real-time order tracking.
- Optimized PostgreSQL databases using Prisma ORM, query optimization, transaction management, and dynamic pricing calculations.

Automotive Marketplace Platform | *React.js, Node.js, Express.js, Prisma ORM, PostgreSQL*

- Developed and maintained a production-ready marketplace platform with product management, cart handling, blogs, purchases, and user management features.
- Built responsive frontend interfaces using React.js and Material UI while developing scalable RESTful APIs using Node.js and Express.js.
- Managed secure PostgreSQL database architecture using Prisma ORM with optimized performance and smooth user experience.
- Focused on scalable backend architecture, workflow optimization, and efficient order and payment handling.

Technical Skills

Languages: HTML, CSS, JavaScript, SQL

Frontend: React.js, Bootstrap, Tailwind CSS, Material UI

Backend: Node.js, Express.js

Database/ORM: PostgreSQL, Prisma ORM

Tools: VS Code, GitHub, Postman, Git
