Summary

Enthusiastic Full Stack Web Developer with hands-on experience in HTML, CSS, JavaScript, React.js, Node.js, Express.js, Prisma ORM, and PostgreSQL. Skilled in building responsive and efficient web applications with clean, scalable code. Experienced in developing production-ready applications with RESTful APIs, authentication systems, scalable backend architecture, and optimized database management. Passionate about problem-solving, continuous learning, and delivering high-quality digital solutions.

Education

UVPCE, Ganpat University

Bachelor of Technology in Computer Engineering — CGPA: 8.3

2020 – 2026

Mehsana, Gujarat

Experience

Initio TechMedia Pvt. Ltd

Dec 2025 – June 2026

Full Stack Developer

- Developed scalable full stack applications using React.js, Node.js, Express.js, Prisma ORM, and PostgreSQL.
- Built responsive frontend interfaces and scalable RESTful APIs with secure authentication systems.
- Optimized backend performance and database operations using PostgreSQL Stored Procedures.
- Collaborated with teams to deliver clean, production-ready web solutions with improved user experience.

Projects

Car Management System | *React.js, Flutter, Node.js, Express.js, Prisma ORM, PostgreSQL*

- Developed a full stack automotive management platform for car listings, insurance services, order processing, inspections, and delivery tracking operations.
- Built responsive interfaces using Flutter and React.js for customers, sellers, service providers, delivery personnel, and administrators with role-based access control.
- Designed scalable backend APIs using Node.js and Express.js for authentication, secure transactions, real-time order tracking, and advanced car search functionality.
- Managed secure PostgreSQL database architecture using Prisma ORM with shipping/custom price estimation and transaction management.

Production Company Website | *React.js, Node.js, Express.js, Prisma ORM, PostgreSQL*

- Developed and maintained a production-ready marketplace platform with product management, cart handling, blogs, purchases, and user management features.
- Built responsive frontend interfaces using React.js and Material UI while developing scalable RESTful APIs using Node.js and Express.js.
- Managed secure PostgreSQL database architecture using Prisma ORM with optimized performance and smooth user experience.
- Focused on scalable backend architecture, workflow optimization, and efficient order and payment handling.

Technical Skills

Languages: HTML, CSS, JavaScript, SQL

Frontend: React.js, Bootstrap, Tailwind CSS, Material UI

Backend: Node.js, Express.js

Database/ORM: PostgreSQL, Prisma ORM

Tools: VS Code, GitHub, Postman, Git
